How To Read The Timetable

- Find the schedule for the day of the week and the direction you wish to ride.
- Find the timepoints closest to your origin and destination. The timepoints are shown on the route map and indicate the time the bus is scheduled to be at the particular location. Your nearest bus stop may be between timepoints.
- Read down the column to see the times when a trip will be at the given timepoint. Read the times across to the right to see when the trip reaches other timepoints. If no time is shown, that trip does not serve that timepoint.
- **Catching the Bus:** Be at the transit stop, 5 minutes before the scheduled departure. Make sure the bus operator can see you. Check the headsign on the front, curbside or rear of the bus to ensure you board the correct route. When boarding at night, wear bright clothing and flash the bus operator with a light.
- **Paying your Fare:** Be ready to pay your fare or present your pass when you board. Bus operators cannot make change. Should you overpay, a change card will be issued for future use on The COMET.
- **Exiting the Bus:** When you see your destination or transfer point, signal the bus operator, by pulling the cord near the window, pushing the yellow strip or calling out "next stop". Please provide enough notice, so that the bus operator can stop safely. If you are not familiar with the area, ask the bus operator for assistance. Please do not cross in front of the bus when exiting and do not forget your bicycle if you have one!
- **Incident Weather & Service Interruption:** For The COMET incident weather and service interruption information, please visit call (803) 255-7118 or check The COMET website, Facebook or Twitter (CatchTheCOMET) for updates.
- **Plan Your Trip and Track Your Bus:** Check out this new feature on our website by visiting www.CatchTheCOMET.org.
